

Edge4Vets at LAX Expands in Spring, 2018

Los Angeles World Airports (LAWA) hosted an expansion of Edge4Vets to Southern California April 24, 2018. MENTORS – including HR reps from a dozen LAWA departments and private airport employers at LAX (ie Southwest Airlines, Paradies, Hudson, Airport Terminal Services, PCI Construction, Griffin, SIXT Rental Car, Skyworks, ABM and more) – participated to help veterans become “job ready” and make connections for jobs that can lead to aviation careers. Edge4Vets is offered nationally in partnership with Airports Council Int’l -NA. Plans are being made to expand the program again in the fall to give even more LAX companies an opportunity to hire Edge4Vets participants. See more at edge4vets.org.
