to Careers at LAX**

HR reps from Los Angeles World Airports (LAWA) and hiring managers and HR staff from a dozen LAX companies, including Southwest Airlines, United Airlines, Hawaiian Airlines, Paradise, Aviation Safeguard, CALOP, Midway Car Rental, Pacific Aviation, Areas and others, served as MENTORS to Southern California veterans at an Edge4Vets workshop May 15. The program teaches vets how to translate their military strengths into tools for civilian success then connects them to job openings with program partners. Special thanks to Goodwill (Operation Good Jobs,) Volunteers of America and Vet Center for helping to recruit veterans for the workshop at the Hyatt on Century Blvd, sponsored by LAWA and offered in collaboration with Airports Council Int'l - North America.
